

WELCOME TO LODI CONVENTION 2007

Where it all began...

The Lodi 2007 RVW Convention will soon be upon us. We hope that you are saving up the gas money and taking shorter & fewer trips this summer to allow you to join us in California for this exciting Convention in Gold Country. The "experts" expect the fuel prices to lower by fall in time to attend and enjoy!

Lodi CA and the Grape Festival Grounds are where it all began for RVW Conventions some 11 years ago. It was our first attempt at a National Convention and with only two employees of RVW working to put this new idea all together made for a very nervous time. But when we all arrived, the vendors came, the seminars were set and the campground filled, it all seemed to come magically together and changed history for RVW. We invite you to join us this year at the Grape Festival grounds where once again we will come together for the 11th annual RVW Convention and keep this history rolling.

We have almost 50 vendors signed up and ready to present their products and some extremely informative Seminars for us. Seminars will range from Geocaching, Genealogy, GPS, Rig Care, Fire Safety, Scrapbooking, Tools for Women, . . . well, just too many to name them all. Seminars will begin on Wednesday after noon October 10th right after Registration closes and will run thru Saturday October 13th.

You'll have an opportunity to try your hand at a Ukulele Class or put on your tap shoes and join in the Clogging demo. If you have a Uke plan to bring it along; there will never be a better time to take lessons and play with the group. Or join the All-Girl Band as they perform on Friday night.

We are pleased to once again be entertained by Peggy & Willie of Willie & Company a ventriloquist of national reputation at our Saturday night banquet. You may have had the opportunity to have seen them at an FMCA or other large Rally or Convention throughout the country. Peggy & Willie were with us at our first convention here in Lodi in '96 and will return to entertain us at our banquet on Saturday on our closing evening. Opening night will feature Judy Fjell, a one of a kind Singer-Songwriter and Friday evening will feature our very own All-Girl Band.

Plan now to join this event in Lodi where it all began 11 years ago!! See you there.

Charlotte Norby
